POLICE FORCE HAD A PRETTY BUSY MONTH

OVER ONE HUNDRED AND FIFTY PERSONS WERE APPREHENDED BY OFFICIALS DURING MONTH OF NOVEMBER.

The police force of the city had a busy month during November, and the records at the station show that 159 persons of all classes were taken in tow by the police, and it is also noted on the blotter that with a very few exceptions, all paid fines or worked it out on the streets of the city.

The greatest number of arrests was for drunkenness, which totaled 41. "That," as one official remarked, "is going some for a town which is supposed to be as dry as a desert." Following is a complete statement of the arrests and the charges upon which they were apprehended:

Bluebird a Friend of Man.

Like the robin, the bluebird is very domestic, but unlike the robin, it does not prey upon any cultivated product or work any injury whatsoever to the fruit grower. During the fruit season in fact five-sixths of its food consists of insects. It seems, therefore, that the common practice of encouraging the bluebird to nest near houses by placing convenient boxes in which it may build its home is thoroughly justified.

JAIL BREAK-ING FAVORITE DIVERSION

THOMAS MURPHY, NOW IN MINNESOTA STATE PRISON, AN OLD OFFENDER—WANTED IN TEXAS FOR MURDER.

Tulsa, Okla., Dec. 1.—Breaking jail in four different places that are known and possibly in others that have not been called to the attention of the officers here, Thomas Murphy now is in the Minnesota state prison, facing the opportunity of being brought back to Tulsa to be tried for the murder of J. C. Cooley, former night jailer of the Tulsa county jail. Following the information that Murphy was serving a sentence of ten years in the Minnesota penitentiary, communications immediately were dispatched to the attorney general of that state to ascertain what steps are necessary to bring Murphy back here to answer for the charges against him.

Letters are in the hands of Sheriff James Woolley showing that Murphy is a noted criminal, in all parts of the country and that prior to his escape from the Tulsa county jail he broke out of three other prisons. The first time was at Auburn, N. Y., the second was at Chicopee, Mass., and the third break was made at McAlester. After escaping from McAlester he was arrested in Texas and brought back to the Oklahoma institution to serve the balance of his term. As soon as he was released he came to this part of the state and almost immediately attracted the attention of the police as a burglar.

Murphy tried to commit suicide while behind the walls at the McAlester prison and at that time he made a complete confession of his crimes to the prison chaplain. The local officers are attempting to get this confession.

The location of Murphy was made possible through a circular that has been issued by the police department and the information concerning the times he has broken out of jails was secured in the same manner.

Owes Her Good Health to Chamberlain's Tablets.

Japanese Breakfast.

The usual Japanese breakfast consists of rice, miso soup, pickles and occasionally fish. Tea is always served with meals, and is drunk clear, without sugar or cream. Miso soup consists of strips of radishes, seaweed, eggplant, or other vegetables cooked with bean curd and water. The cooking is not continued for a long period, and so few vegetables are used that the soup partakes only slightly of the flavor of the ingredients.

DO YOUR CHRISTMAS SHOPPING EARLY

"My idea of a Christmas present," said a prominent business man to us the other day, "would be something in the nature of Aladdin's lamp or that magic carpet of the Arabian Nights—something that in the twinkling of an eye could whisk me away to the places I have always wanted to see and never have the time and money to visit. It's really a shame that there isn't some such commodity on the market."

We laughed at the silly. Then we answered it. We told him that there was a modern substitute for the enchanted lamp, that he could be whisked away to strange scenes and sights and sounds whenever the spirit of "wanderlust" seized him. And we explained the magic formula.

"You sit down in your arm chair at home. You stretch forth your hand and draw toward you a volume, —one of a row bearing the alluring title,—Burton Holmes Travelogues. You open it, and presto! the spell begins to work. You are in another land, under another sky; you are surrounded by odd looking people wearing quaint costumes and working at curious occupations, or amusing themselves in ways that are strange to you. Better still, you are listening to explanations about their history and progress, their ideas and customs such as only a skilled traveler, who has studied widely and studied closely, could give.

"Another thing," we told this man of business, the benefits of this modern Aladdin's lamp are not confined to yourself; they can be shared by every member of your family. That is what makes it such a perfect Christmas gift."

He has done part of his Christmas shopping both early and wisely, for he ordered a set of Travelogues in the finest binding we could supply. There are several different styles, however. Write a card to 221 N. Washington or phone 415. This "Ideal Christmas Gift," should figure in YOUR list, too.

You can secure the whole set in your home at once on terms as low as \$2.00 per month, with only \$2.00 initial payment to be made now, which will enable you to manage the financial part of this magnificent Christmas gift with ease.

YES—IT IS POSSIBLE TO STOP RHEUMATISM

Rheumatism is a tormenting and stubborn malady. In some cases it yields to treatment which is without avail in other cases.

The darting pains, lame muscles or stiffened joints only disappear by gradually expelling the uric acid, and so many thousands have been relieved by the blood-enriching oil-food in Scott's Emulsion that you should give it a faithful trial. Scott's Emulsion acts as a powerful blood-purifier by increasing the red corpuscles and it strengthens the organs to carry off the acids which cause the trouble.

Try Scott's Emulsion. It cannot harm. It has helped thousands and may be exactly what you need. No Alcohol.

the ministers and a number of church people, while the opposition is composed of other leading citizens who contend that the city should not only have Sunday bowling, but allow the theaters to operate Sundays.

Mayor C. A. Lamm is to be appealed to, but the mayor has said that he will not order the bowling alleys closed unless it is shown that it is a source of annoyance to persons living in the neighborhood. Two years ago when the question of Sunday theaters was brought up the ministers and many church people opposed the plan, because the attendance at the churches was falling off. The Sunday opening plan was defeated, and since that time Bartlesville has had no places of amusement open on Sundays. The question is to be voted upon again, and a bitter fight is certain.
